

Gathering Safely

8 Tips for attending our In-person gatherings

1

Do not attend if you are experiencing symptoms of COVID-19

Symptoms include fever, cough, sore throat, shortness of breath, loss of taste or smell

2

Hand Sanitizer will be available at the entrance and exit of the church

3

Enter the building using the front entrance

For the time being, we will worship all together in the sanctuary, including children

4

Always use appropriate physical distancing, both inside and outside of the church

Please be mindful of those around you so that everyone can feel comfortable, both inside and outside the church

5

You are encouraged to bring your own face mask. We will provide you with one if needed.

There are those in our congregation who are at higher risk of problems from Covid-19. We appreciate your dedication to their protection!

6

Our church building will be sanitized BEFORE and AFTER gatherings

7

Tithes and offerings will be collected using a drop-box or through on-line giving

8

After checking in with our greeter, you will be shown your designated pew. Please remain with those in your household or bubble for the duration of the service

“Rejoice in the LORD, I will say it again: Rejoice!” Philippians 4:4
